

## PLANNING TO MAKE NEW HIGH SCHOOL MODEL FOR NATION

Meeting Held Today to Design Building to Accommodate 2,500 Pupils.

The first conference on the plans for the new Central High School, for which Congress made initial provision during the last session, was held today afternoon between William B. Itner, of St. Louis, an experienced school architect, Commissioner Judson, Superintendent Davidson and Messrs. Ashford and Wilson. No plans have been made for the structure and the conference will be directed toward concluding what plans will best meet the requirement that the school shall accommodate at least 2,500 pupils. The ultimate amount to be appropriated is in the hands of Congress. Mr. Itner is quoted as saying that he would like to see this school a model for the entire country. It is the ambition of Superintendent Davidson that the structure shall be the best in the United States.

A model high school was built in St. Louis on plans drawn by the St. Louis architect, and details of the practical value of that building are awaited from the superintendent of St. Louis schools. A conference will be held today regarding the transfer of the business training department for colored students to the new M Street School. All school machinery is in good trim and ready to begin the grind Monday next. Only two points require attention, the vacancy at the Wallace school caused by the appointment of Miss Beers as supervising principal of the Eighth District, and the possible transfer of the business department of the Armstrong school.

No prediction on enrollment is made. The figures will probably be available some time Monday.

## Woman Principal Is Named to Succeed Eighth District Head

Miss Anne Beers has been appointed and sworn in as supervising principal of the Eighth district to fill the vacancy caused by the death of Isaac Fairbrother. This represents a substantial victory for the business and professional men, who have been insisting that the proposed division of the Eighth district between two others and the abolition of the office of supervising principal in the Eighth district was unfair discrimination. The Board of Education first decided not to take immediate action on the question of abolishing the office, and then appointed Miss Beers.

This closes the controversy in which William Church, J. J. O'Donnell, Dr. Hamilton, and others took an active part in opposition to any change in the organization of the big district in the southwest section.

Miss Beers has been principal of the Wallace School for some time.

## Teachers Take Tests For Places in Schools December 19 and 20

The first examinations for licenses to teach in the white public schools of the District will be held December 19 and 20. High school examinations on these dates will comprise all subjects except English, history, Latin, Greek, mathematics, German, physics, geography, and art. The elementary school examinations will include all special subjects except drawing, music, and domestic science. Examinations in all other special subjects for both high school and elementary schools will be held on March 19 and 20.

Academic and scientific subjects will be included in the third set of examinations ordered for June 12 and 13, under a circular issued by the board of examiners.

## Teachers of Specialties Must Have Diplomas to Secure District Places

Teachers of manual training, drawing, domestic science, domestic art, music and physical culture who are on the eligible list for appointment to Washington schools, are now ineligible unless they have secured diplomas. Those now teaching these subjects in the public schools are not affected but none may be appointed in the future without a diploma, a degree from some recognized school.

Attention is called to the provision in a general circular dated July 1 but only received from the printer and published within the last few days.

## Iowa Coffin Industry Avers Discrimination

Because, as it is alleged, Iowa's coffin industries are subjected to undue prejudice and discrimination by the fact that the Atchison and other railroads do not give built-up coffin stock the same rate as the general lumber classification, the board of railroad commissioners of that State appealed today to the Interstate Commerce Commission for relief and a general reduction in the rates for the class of material. In its petition the railroad commissioner named thirty-three railroads as defendant.

## FEEL SHAKY, BILIOUS, HEADACHY, OR CONSTIPATED? TAKE CASCARETS

Sick headaches! Always trace them to lazy liver, delayed, fermenting food, in the bowels or a sick stomach. Biliousness, constipation, gases, and bile generated in the bowels, instead of being carried out of the system, is reabsorbed into the blood. When this reabsorption causes the delicate brain tissue it causes congestion and that dull, sickening headache.

Cascarets remove the cause by stimulating the liver, making the bile and constipation poison move on and out

of the bowels. The effect is almost instantaneous. Ladies whose sensitive organisms are especially prone to sick headaches, need not suffer, for Cascarets can be quickly cured by Cascarets. One taken tonight will strengthen you out by morning. A 10-cent box will keep your bowels clear, stomach sweet, liver and bowels regular and make you feel bright and cheerful for months. Children need Cascarets, too—they love them because they taste good and never gripe or sicken.

## MEN'S CLUB MEMBERS TO TELL OF LABORS

Unique Entertainment Promised By Congress Heights Methodist Episcopal Church—News Notes of Anacostia.

WASHINGTON TIMES BUREAU.

ANACOSTIA, D. C., SEPT. 20.

Members of the Men's Club of the Methodist Episcopal Church in Congress Heights, will entertain their associates tonight in the Sunday School annex of the church, with five-minute discussions in the execution of an out of the ordinary program. Interesting experiences gained as a result of the summer vacations of the members and sketches of the daily toil in which each man is engaged will be the topics.

William F. Ballard, the president, will introduce the speakers, and the Rev. Merritt Earl, the pastor, will direct the program, which he has limited to five-minute speeches. These will be music and refreshments at the close.

The Women's Christian Temperance Union, of Anacostia met yesterday afternoon, with Mrs. James McPherson, the secretary, in High street. The annual election of officers resulted in the re-election of Mrs. Thomas Holloway, of Congress Heights, president; Mrs. James McPherson, secretary; Mrs. M. E. Cornish, treasurer.

The committee which has been soliciting funds for the erection of a memorial monument to the late Rev. J. B. Smithson, 2236 Shannon place, on Wednesday, September 12, at 4 p. m.

United Order of the Golden Cross, entertained the grand officers of the District in the residence of Daniel C. Smithson, 2236 Shannon place, on Wednesday.

## AMERICAN FIRMS ARE UNDERBIDDEN

Britons Offer Shells To Navy At Big Saving Over Prices Made Here.

Navy Department officials are puzzling over the dilemma resulting from the opening of bids for new shells for their battleships. A British firm, the Hatfield Steel Company, of Sheffield, in a bid for 2,000 12-inch shells, has underbid their nearest American competitor by nearly \$200,000, on less than a \$1,000,000 contract. In bidding on 2,000 12-inch shells, they have underbid all American concerns by nearly \$200,000 on a contract less than that size.

Officials are brought up against a decision which will have a far-reaching effect on the future purchase of guns of perhaps battleships. The contract, if awarded to the British concern, will mean a tremendous saving. Also it will mean the setting of a precedent which is sure to promote dissatisfaction among American manufacturers.

The naval policy has been to give all contracts to American bidders, even a slight cost of money that they might be encouraged to keep their factories in condition for rush orders. Never before has the department had such a riddle to solve.

## Women's Republic Delegates Named

Mrs. Belva A. Lockwood and Mrs. Anna H. Dugbee were nominated by the White House Chapter of the American Woman's Republic as District delegates to the International Suffrage Congress, which meets in Budapest next June, at their meeting held at headquarters in the Fortner.

An attempt will be made to get this congress to meet at University City, near St. Louis, Mo. The vote for delegates will be carried on by letter ballots sent to St. Louis between September 21 and 25.

The report of the regent-treasurer showed that there were ample funds on hand to pay the rent on the chapter quarters in the Fortner. When members realize how comfortable the new quarters have been made over the meetings are expected.

## Washington Receives First Silver Tarpon

The first silver tarpon ever put on sale in Washington, and believed to be the first one ever caught in Chesapeake bay or its tributaries, is now in possession of Lee Roberts, and is on display at Tenth street and Louisiana avenue.

The fish weighs 120 pounds, and when it was brought to the Eleventh street market, yesterday, it was sold to a wholesale commission merchant, who created a good deal of interest.

The tarpon was caught in a net off Cape Charles Wednesday by a man fishing for Sterling Brothers. It is of the same family as the silver tarpons which are rather frequent in Southern waters, and no one has offered an explanation as to how the lone specimen happened to wander as far north as Chesapeake bay.

## Would Convert Women.

LONDON, Sept. 20.—Commissioned by the Women's Social and Political Union to convert Canada to suffragism, Miss Barbara Wylie left today for Montreal. She is booked on the Empress of Ireland.

## BAPTIST CHURCH TO HOLD FLOWER SHOW FOR HOME PRODUCTS

Hyattsville Exhibition Is Primarily for Home Folks. Snake Swallows Eggs.

HYATTSVILLE, Md., Sept. 20.—Beginning the first week in October the Hyattsville Baptist Church will hold their second annual flower show. It is to be an agricultural and home product exhibit and a great variety and number of products will be shown.

A small entrance fee will be charged for all exhibits not donated for sale during the fair, and professionals may exhibit, but not for competition. All exhibits must have been grown or made during the present year. First and second awards will be designated by blue and red ribbons, respectively, and the awards will be made by experts judged by the committee on exhibition is Prof. J. B. Norton, chairman; C. F. Glass, secretary; W. F. Pierce, and W. R. Ballard.

While working in an ice house on the farm of J. H. Murray in the lower end of this county, a colored man found a blacksnake which measured about five and one-half feet long and seven and one-half inches in circumference. On its body was two large lumps about six inches apart. W. A. Willett, a carpenter on the place, dissected the snake and discovered two large china eggs on the inside.

The Rockaway baseball team will play its final game of the season here tomorrow when they cross bats with the Ingram team from Washington.

Mr. and Mrs. H. F. Latimer and son, who have spent the last year on their farm in Anne Arundel county, have returned to Hyattsville, and are now occupying a home on Franklin street.

## SOCIALISTS WIN FIGHT FOR FLAG

New York Police Declare Red Banner As Legitimate As Other Colors.

NEW YORK, Sept. 20.—Socialists generally were rejoicing today over the complete victory they won as the result of their demand that they be permitted to carry the red flag in their street demonstrations without molestation by the police.

They were especially pleased over the declaration of Chief Inspector Schmitt, however, who, after consultation with Mayor Gaynor, said:

"The red flag has as much right to be carried as either the German or the Italian, or even the green flag of Ireland."

## Fined for Light Weight.

Arraigned on a charge of selling coal oil from a measure which had not been inspected and approved as prescribed by law, said yesterday "under measure," John M. Foster, a grocer, of 1835 Willbarger place northwest, was fined \$50 in the District branch of the Police Court yesterday. An Assistant Sealer of Weights and Measures, Leo S. Schoen, appeared as the complaining witness against Foster, and declared that the measure involved in the violation was very much "under weight," purchasers of oil served from the measure being deceived thereby.

## YOUR HAIR IS FLUFFY, BEAUTIFUL AND LUSTROUS IN A FEW MOMENTS

Girls! Get a 25-cent bottle of "Danderine" and try this. Also stops falling hair; destroys dandruff.

Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a "Danderine hair cleanse." Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt and excessive oil and in just a few moments you have doubled the beauty of your hair.

Besides beautifying the hair at once,

Danderine dissolves every particle of dandruff, cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair.

But what will please you most will be after a few weeks' use when you will actually see new hair fine and downy at first—yes, but really new hair growing over the scalp. If you surely get a 25-cent bottle of Danderine from any druggist or toilet counter, and just try it.
